Education

University Institute of Engineering and Technology, Kurukshetra University (UIET, KUK)

Jun. 2023

Bachelor of technology in Electronics and Communication Engineering

GPA: 8.04/10

Relevant Courses: Operating Systems, Internet of things, OOP (C++), Information Theory and Coding, Blockchain Technology, Soft computing, Network theory, Computer Networks, Essentials of Information Technology (Python)

Experience

The Nature First Supplement

July 2023 - Sept. 2023

Frontend Developer

HTML, CSS, Javascript, Asp.net, Git, GitHub

- I was the lead frontend developer for a cutting-edge ecommerce platform that revolutionized the online shopping experience for millions of customers..
- I leveraged my expertise in HTML, CSS, and JavaScript to craft a stunning and interactive web design that optimized user engagement and satisfaction.
- I also employed Git and GitHub as the best practices for version control and team collaboration.

The Sparks Foundation Internship

May. 2021 - July 2021

GRIP Project

Html, Hack, PHP, Git, GitHub

- I developed a banking management system using PHP, XAMPP, and HTML as a part of my academic project.
- The system allows customers to perform basic banking transactions such as deposit, withdraw, transfer, and balance inquiry through a secure and user-friendly web interface.
- The system also maintains a database of customer accounts and transactions using XAMPP server.

Projects

Personal Portfolio

Feb. 2024

Javascript, CSS, React, Emailjs, Netlify, Git, Github

- Built a dynamic portfolio site with React.js, CSS, and JavaScript, deployed on Netlify, utilizing Git/GitHub for version control.
- Enhanced functionality and aesthetics with EmailJS and Boxicons libraries, ensuring a seamless user experience.
- sheet format (.xlsx)

Face detection Attendance System

Aug. 2022 - Oct. 2022

Python, OpenCV, Numpy, Git, Github

- It automates attendance tracking by detecting and recognizing faces in real-time.
- It store the attendance in the Excel sheet format (.xlsx)

React Training Project

July 2022

Movie App

HTML, CSS, Javascript, Reactjs, Git, Github

- Developed a movie app that allows users to search and discover movies and actors using custom APIs.

Achievements

- My Team selected for Smart India Hackathon(SIH 2022).
- 5 Star Badge in Python & C++ on Hackerrank.
- Open source contribution in Hactoberfest 2021,2022.
- Attend a workshop on raspberry pie.

Skills

Languages: HTML, CSS, C++, Python, JavaScript

Frameworks: Reactjs, Nextjs, Material-UI, Tailwindcss, Nodejs, MongoDB

Developer Tools: Git, Github, Netlify, VS Code, PyCharm

Libraries: opencv, NumPy

Certifications: Internshala Reactjs Training Completion Certificate, Mangtas Frontend Engineer Certificate
